Some drawings and plans are individually described, London Architectural Designs of 1800 are only described as forming part of a file or a whole series in a wider description. In the cities too, the merchant's clerks and other than manual workers came to live to be with their work. The kitchen was to be extensively fitted and provided with plenty of space for storage and the use of electric domestic appliances, such as washing machines and refrigerators.

Asthecenturyworeon,thisresolveditselfintoapassionfortheBaroquegra
Early in the s, an elaborate new architectural style lavished buildings. Craftsmen and pattern-books did come over from the Protestant Low Countries, but by and large our relative isolation from the European cultural mainstream led to a national style which was a bizarre though attractive mixture of Gothic and classical styles.
