It fostered the belief which continues today that within marriage and other intimate relationships, both men and women are equally violent to equal effect. While men who experience violence are most likely to be physically assaulted by a male stranger, 8 women remain most likely to be assaulted by a current or former partner or family member. How far to go? Well, as soon as it got going, what do they do? Aaron Wildavsky. It is argued that implementing corporate citizenship initiatives will increase costs and harm firm performance, distract managers from the 'real' task at hand, increase the time needed to make decisions because of the need to consult with relevant stakeholders and result in increased auditing costs due to social and environmental reporting.
