Anglo-American mining is likely to have the power to bring two groups like the ANC and Apartheid government in South Africa to the table for meaningful peace negotiations, firms of all sizes can play a positive role in mitigating violence and promoting peace. This book offers numerous practical insights and raises key questions for research on conflict resolution in a transforming world. It discusses gendered engagement with, and discourses of, the new digital economy represented by Taobao villages, and asks: how has the success of rural e-commerce impacted the evolving gender mandate and hierarchy in a competitive market economy in rural China?
